"Kimberly is a consummate professional that knows how to deliver her best each time she is on camera. It is wonderful to work with someone that takes the time to really learn their lines and cues and works hard to insure the delivery is both flawless and captures just the look you were trying to achieve. Smart, attractive and someone that will represent your brand well it is truly easy to see why Kimberly is in so much demand."
Vinnie Virga, Managing Partner & President at Floors & More Buying Group
